

# An introduction for parents of children and young people who are **joining one of our academies**

Everyone at Transforming Lives Educational Trust (TLET) is very pleased to welcome you as a new parent at one of our academies – **welcome!**

At TLET, we believe that an effective “learning partnership” is important to secure the best outcomes for our pupils.

The learning partnership includes you, the parent/carer, the pupils and the staff at the academy. We look forward to working in partnership with you in the coming years so that your child or young person is able to achieve, be happy and prepare for the next stage of education and life.

**The aim of this newsletter is to provide you with some information about:**

- The Trust so that you know what we do and who we are
- Help settling in to a new school, for parents and children and young people

Our Vision for all our pupils is:

# “Learning Today for the World of Tomorrow”

We want our family of academies to provide a springboard for our children, young people and staff so that they become exemplary citizens who strive to stretch their potential and become transformers in a diverse and ever-changing world.

## Our Values

To help us fulfil our vision, we have a number of core values that drive all that we do. These serve as our guiding principles and should be nurtured for their own sake. We believe that our values stand the test of time and allow us to stay true to our purpose.

Our values are built around five key beliefs that we believe make us trustworthy by everyone within, or considering joining, TLET. We believe that trusted relationships should underpin all that we do and achieve, and we place no higher importance than that on our values. Put simply, we aim for others to have trust in the Trust.

# T R U S T

**Tend the team**  
- nurturing the potential of all (loyalty)

**Reach for excellence**  
- doing things to the best of our ability (excellence)

**Utilise innovation**  
- seeking forefront thinking and creativity (courage)

**Seize success**  
- building on our achievements (tenacity)

**Thank as you go**  
- recognising the contribution of others (kindness)

## Funding

One of the benefits for the academies being in a multi-academy trust is that there are opportunities for reducing costs through economies of scale and sharing best practice.

We are then better placed to meet the needs of all our pupils. The funding for TLET comes directly from the Department for Education.

The layers of accountability look like this:
